

WE ARE PROTECTED

PROPHETIC WORD RELEASED BY PROPHETESS LYNEASE BEACHER
SUNDAY, MARCH 1, 2020

For I say, in a Nation where great fear has set in, says the Lord, I say I did not call you to fear, I did not call you to panic, but to pray. I say that there would be many plagues that would come, even in this hour, but I say that I preserve my people. You are covered with the blood, and I say I would heal even more – my believers. Those that believe in me, says the Spirit of the Lord. I did not call you unto fear, but I call you unto faith. I say let your faith arise in this hour where a Nation would panic, and I say you will see many things that will happen in this Nation. You will see many leaders fall. You will see that many will leave out of this life because they have not done what I told them to do, because I have spoken to some in dreams. I have spoken to some even through my people, even through my pastors that I have sent on assignment, but they would not hear what the Spirit of the Lord would say. So, I say, death comes to many but not to this house and not to my believers, says the Spirit of the Lord. For I did not call you to panic. Did not I promise you longevity of life? I say that you would live and not die to declare my Word, says the Spirit of the Lord; but I say rise up in your obedience. Let it not be a time of complacency. Let it not be a time that would settle yourself – yes, settle yourself in my Word but do not get complacent. I say rise up and war. Rise up and fight, says the Spirit of the Lord. And I say healing comes, and deliverance comes, but I say this Nation will groan. This Nation will cry out, but I say I will preserve you and I say joy is your portion because I am your strength!
